In view of the approach of spring, and the consequent demand for labor throughout the country, we have concinded to discontinue our soup kitchen, which for seven weeks we have kept in active operation. But, notwithstanding this setion of the committee, we wish it to be understood that we have, at the urgent request of many of our best citizens, formed oorselves into a permanent relief committee of the Pitteenth ward, for the purpose of assisting the families of those who may continue unfortunate. We will continue to receive contributions, and will distribute the same among those whom we do may continue worthly, after a careful examination of their condition. We receive the vinced that if we continue longer to turnish meals, as we have in the past, that it will only ten! to encourage tide and shirtless persons to avoid seeking for employment, and also be one of the greatest engines in the aid of "wirthes," that have, of late, become so frequent and which seriously threaten the prosperity of the whole emand for labor throughout the country, we have which seriously threaten the prosperity of the whole mainless community. with a handsome silver service at his residence by the New York Union Temperance Prayer Meeting as a token of their love and respect, the presentation being made by Mr. A. T. McMullen, President of the meeting, as follows:

At the meeting of the New York Union Temperance Prayer Meeting last Sabbath, in our usual place of meeting, in the chapel of the Church of the Strangers, Greene steet, near Eighth street. I gave the following invitation: "All members of this meeting are cortainly invited to meet me at the residence of the Rev. Dr. Deems, pastor of the Church of the Strangers, No. 423 West Twenty-second street, on Thursday evening, April 2 at eight o'clock." I made no explanation of the reason why I had given this invitation, and to some, at least, this explanation is now made for the first time. Our meeting has been held regularly in your chapel for the past axivy-one sabbaths, and while the poor victims of appetite have the burden of our prayers to Amighty God, we have never forgotten to ask His blessing on the pastor of the church who had opened his doors to us. Our work has been a blessed one and we have harvested many souts for Christ. We have held our first smaller your way and have given some of the results of our first anniversary and have given some of the results of our first anniversary and have given some of the results of our first anniversary and have given some of the results of our first anniversary and have given some of the results of our first anniversary and have given some of the results of our first anniversary and have given to the out of the sun of the church on the weak of the first men of the church of the sun of the church of the sun of the church of the sun of the pastor of the church of the sun of the church of the sun of the pastor of the church of the church

It was then that we recalled to mind the many efforts we had made to secure a pince in which they are the such as meeting; how we sorrowed that they we had made to secure a pince in which they are sponded with offering us any place owned of the Church of the Strangers for this purpose.

The report of our first year's work is your thanka. Anything I might add would be out of place. When you stand at the ludgment seat of Christ those who have been saved through the influence of this meeting will be the crown of your rejoicing. I now have the pleasure of presenting to you this "service," in the name of the Union Temperance Prayer Meeting, and of conveying to you the love and respect of each member of that meeting. Let me also add, our university and of conveying to you the love and respect of each member of that meeting. Let me also add, our university to our fleavenly Pather will be that your hie and also the lives of each member of your dear family may be spared many years, and that finants, when God has none serving Himself with us here on earth, we may all meet, one undivided temperance prayer meeting, in heaven.
